

We will need a an AB150 decision from the general partner or manager of all business entities that issue K-1s. If the decision to participate is not made at the entity level, then no K-1 recipients will be able to participate.

AB150 is a California law that allows an individual who receives a K-1 from a Pass-Through Entity to have their state tax liability paid at the entity level. Each recipient would have the option to make an election to pay an entity level tax (9.3%) which provides the K-1 recipient with a credit in the same amount to be used on their personal tax return.

This credit would act similarly to estimated tax payment on their personal tax returns.

The benefit lies in the reduction of your entity's federal taxable income (in the year paid) as it is reduced by this CA credit as an expense. This gives you a tax savings at no cost to you except possibly the time use of money.

We will need your decision in writing below. You are making the overall decision for your entity.

You should provide each member with the opportunity to opt out individually should you choose to elect "Yes" for the business. If you choose yes and do not provide us with decisions by other members, it will apply to all members.

To make this election for 2021, the tax must be paid by March 15<sup>th</sup>.

If you are still in doubt, call the office.

Thank you,

Randy Warshawsky
